Student Webinar on “Metaverse and Mixed Reality”

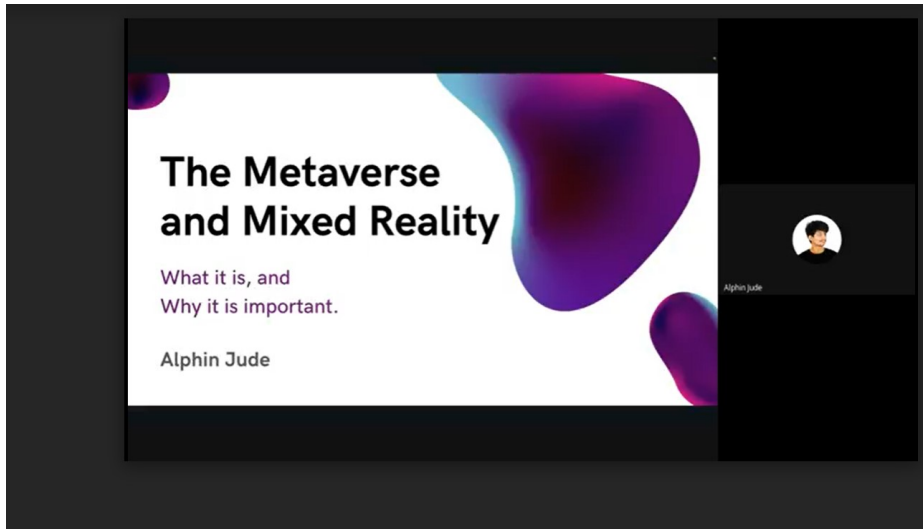

26th May 2022

The Computer Society of India – Coimbatore Chapter organized a Student webinar on “Metaverse and Mixed Reality” on 26th May at 06 pm. The Session started with Welcome address by Ms.Abinaya.S Student (AIML), Coimbatore Institute of Technology, Coimbatore. Dr.E.Chandra Blessie, Chairperson felicitated the attendees followed by the introduction to Speaker by Ms.Divyashree, Student (AIML), Coimbatore Institute of Technology, Coimbatore. Alphin started his speech by defining what Metaverse is and why it is important. He talked about Digital Twin and how Digital Twin created. He added some points on Mixed reality. He showed demo for each concept. Finally, there was a Q & A session. Ms.Divyashree delivered the vote of thanks and the session ended.

The Metaverse and Mixed Reality

What it is, and Why it is important.

Mixed Reality

Mixed reality (MR) is the merging of real and virtual worlds to produce new environments and visualizations, where physical and digital objects co-exist and interact in real time.

Mixed reality does not exclusively take place in either the physical world or virtual world, but is a hybrid of augmented reality and virtual reality.
